

Here are a few facts.

Richard Mintz, Harbor Group recently signed a contract with the Saudi Embassy in Washington, DC. (FARA PDF attached below).

Of interest: Richard Mintz, Harbor Group and Byron Fogan are two close friends and on the payroll of Yousef Al Otaiba.

Al Otaiba went to Georgetown with Byron Fogan, where they became friends (Fogan recently went to prison for money laundering. I believe UAE paid Fogan's legal bills and asked for leniency on his behalf). Fogan was in the employment of Al Otaiba as 1) his attorney (Fogan Law Group), 2) Exec Director of Al Otaiba's Oasis Foundation and 3) Vice President at the Harbor Group.

Richard Mintz and Harbor Group also have a contract with Al Otaiba/UAE Embassy. And just to show the influence the UAE have over the Saudis, they highly recommended Mintz/Harbor Group to the Saudis (are QorvisMSL in there way out with the Saudis?)

Al Otaiba is expected to play a big role in mentoring the new Saudi Ambassador to the USA, HRH Prince Khalid bin Salman (KbS) when he arrives in Washington next week and there are rumors that he will also host a welcoming dinner party for the young prince. Al Otaiba's boss MbZ reportedly played a big role in mentoring MbS, the brother of KbS and helped fast track him to the throne.
